**CAUSE NO. 42393**

**FILED**

**APR 03 2003**

CLERK OF THE  
INDIANA UTILITY REGULATORY COMMISSION

You are hereby notified that on this date the Indiana Utility Regulatory Commission ("Commission") makes the following entry in this Cause:

On March 12, 2003 the Commission issued an Order initiating its investigation as captioned above. A Prehearing Conference is scheduled to convene in this Cause on April 15, 2003. The purpose of this entry is to advise the parties of some of the Presiding Officers' procedural expectations in conducting this investigation.

In order to review rates for unbundled network elements (UNEs) previously established in Cause Nos. 40611 and 40611-S1, the Presiding Officers anticipate that SBC Indiana will file cost studies relevant to UNE rates as soon as possible in this proceeding. Following the receipt of cost studies, an agenda will be established for the parties' participation in Technical Conferences to convene during the month of May 2003.

The Commission anticipates issuing an Order in resolution of this proceeding before the end of 2003. A reasonable procedural schedule, therefore, would require the prefiling of testimony during the months of June, July and August 2003, followed by an evidentiary hearing to convene and conclude in September 2003. Given these general timeframes, it is expected that the parties will be prepared to propose a prehearing schedule at the Prehearing Conference.

Finally, in anticipation of the FCC's Triennial Review Order, the Commission recognizes the possible need to integrate the implementation of that Order into this or a related proceeding.

**IT IS SO ORDERED.**

Larry S. Landis, Commissioner

William G. Divine, Administrative Law Judge

Date: 4/3/03

Nancy E. Manley, Secretary to the Commission
